Respectfully submitted,
Taeja Kluge
Corresponding Secretary, LLARTC

Association of Rural Town Councils

Fire Station 129, 42110 6th St. West, Lancaster, California

1. The California Highway Patrol was the guest speaker at this meeting. They stressed their training programs for the high school level. They use the students help by putting on skits that make driving with distractions or under the influence something personal. The discussion moved to specific traffic problems. The conclusion is that the CHP cannot be everywhere someone is breaking traffic laws.

Respectfully submitted,
Lee Crawford
President LLARTC

5 November 2014
